## 4"x5,65" Lightweight Matte Box LMB-5

The lightweight matte box LMB-5 is equipped with two push-through 4"x5.65" filter frames as well as with attachments for a light shield. The matte box is attached directly to the front ring of the lens with a clamp adapter of appropriate diameter.

The slip-on carbon fiber light shield is lightweight and compact and can always stay in place. During breaks in shooting or when transporting a completely set-up camera, the light shield can be folded flat against the front of the matte box to protect the filters or the front element of the lens.

4"x4" filter frames and mask sets for 16mm / 35mm lenses are available as additional accessories.

#### 4" x 5.65" Lightweight Matte Box LMB-5 System

Pos.	Ident-No.	Description
1	K2.47239.0	4" x 5.65" Lightweight matte box LMB-5
